

Project IDIOM

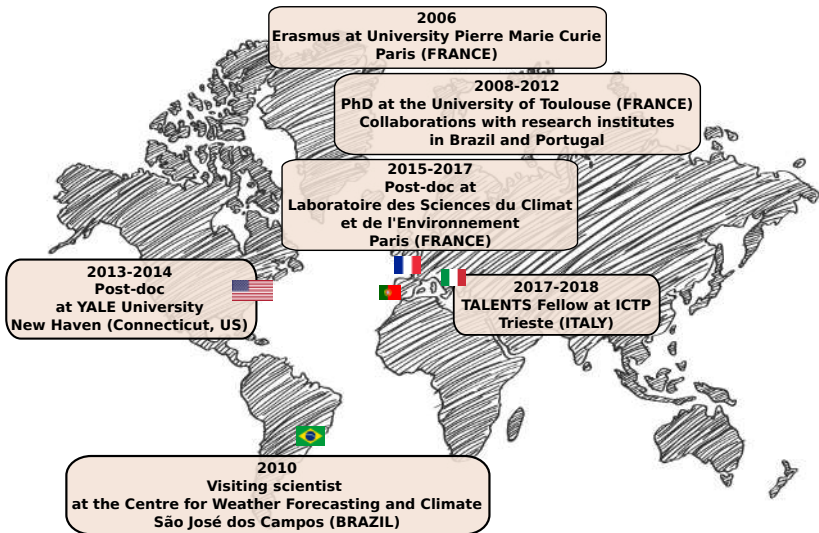

STRADA Susanna

TALENTS Fellow at International Centre for Theoretical Physics
(Trieste)

Sala Tergeste, Trieste

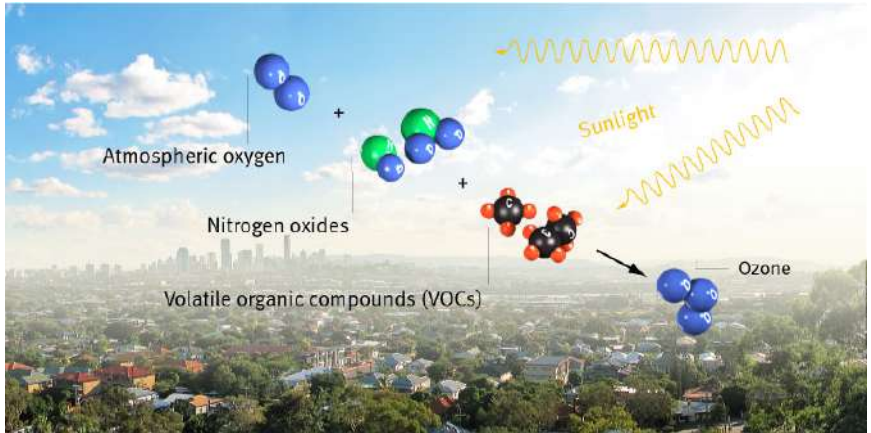

Destinazione Europa - 5 Maggio, 2017

My previous experiences

Project IDIOM

“Synthesizing the observational knowledge of Isoprenoid emissions under Drought to provide urgent predictions of Impacts of future Ozone levels on air quality in the Mediterranean region”

Biogenics, soil moisture and ozone

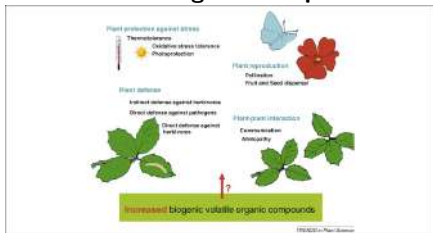

Project IDIOM

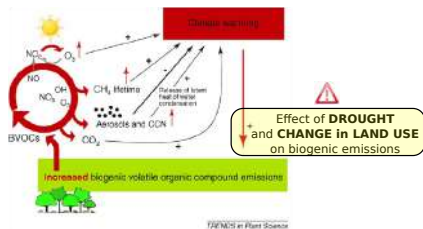

Biogenics

Reactive chemical compounds emitted by plants in response to internal and external drivers

Role of biogenics for plants

Biogenics, climate and air quality

Grazie per la vostra attenzione!
